

**CONSTRUCTION RESUMED** on Devil's Kitchen Dam which is slated for completion in 1958. The section shown in top photo was completed prior to 1943 as a WPA project. Work has been resumed the past spring by a Cape Girardeau Mo. construction company. Devil's Kitchen lake will be 85 feet deep at the spillway, the dam will be 96 feet high. The dam will be 250 feet across, in the main valley, but will be 500 feet across at the top. The 800 acre lake will be a sister lake to Crab Orchard and Little Grassy. Recreational facilities and cabins are expected to dot the lake shore when the dam is completed. The federal government is footing the bill on the \$4,300,000 project. Lower photo at left shows Troy Cooksey of Marion, operator of the sand and gravel elevator at the Devil's Kitchen concrete plant, pointing from his perch on top of the elevator the expanse of tree covered area that will be flooded. Lower photo at right shows concrete plant that has been constructed in the work area to provide building material for the project. (Marion Weekly Leader photos by Don Phillips)

## Paratrooper Fells Ex-Student with Rifle Butt at Little Rock School Dance

**Gov. Faubus Sits Tight in Dispute With Eisenhower**

LITTLE ROCK, Ark. (AP)—A paratrooper guard at Little Rock's Central High School felled a former student of Central with his rifle butt Friday night in an incident that marred a school dance.

The youth had been drinking and called the paratrooper "nigger lover," the Army said. The Army identified the youth as Robert King, 19.

The incident was the only serious one Friday in what has become a relatively peaceful situation since about 40 "hard core" anti-integrationist students walked out of Central High Thursday.

**Faubus "Sitting Tight"**  
Gov. Orval E. Faubus, focal point of Little Rock's integration troubles, hewed today to a policy of "sitting tight and saying nothing" in his deadlocked dispute with President Eisenhower over withdrawal of federal troops. Intimates said the governor believes the pressure of public opinion will compel the White House to make the next move.

The Army said the incident occurred when the youth walked from the school dance and used abusive language in berating the paratrooper, one of a 24-hour guard watching the school.

The Army said he grabbed the guard's rifle, but the paratrooper pushed the rifle butt into the youth's chest, knocking him to the floor.

**Teachers See Scuffle**  
Two faculty members witnessed the incident, and prevailed upon the Army to turn the youth to their custody.

Attendance at the high school rose Friday to 1,725 students out of a total enrollment of 1,990. White students who gathered on the front steps made no demonstration as nine Negro students came and went with their usual escort of troops. Heckling of the Negroes inside the school, which reached problem proportions earlier in the week, subsided in the face of stern disciplinary warnings from school authorities.

The suspension of 50 white students who took part in the abortive "mass walkout" appeared to have removed the most aggressive teen-age agitators from the school.

**Funeral Services at Carterville for Mrs. Grace Irene Riley, 81**

Funeral services were held today at Carterville, for Mrs. Grace Irene Riley, 81, mother of the former Mrs. Lelia Newman of Harrisburg, now Mrs. Hobart Gooden of Huntington Beach, Calif. The Rev. Marvin Freisner conducted the funeral service at Carterville at the Regin funeral home and burial was at East Lawn cemetery.

Mrs. Gooden, who resided on South Vine street, in Harrisburg and has property there, will be in Harrisburg before she returns to California.

Mrs. Gladys Hawkins of this city went to Carterville today to attend the funeral of Mrs. Riley.

**Alfred C. Barnett, 87, Dies at Equality**

Alfred C. Barnett, 87, died in his Equality home at 11:45 a. m. Friday. He is survived by his wife Carrie and his son, Ensign Barnett of Madison, Wis. The body is in the care of the A. K. Moore funeral home in Equality and funeral plans are incomplete.

## Death Takes Mrs. Fannie Powers, 72; Funeral Monday

Mrs. Fannie A. Powers, 72, 103 West Park street, Harrisburg, died in the Lightner hospital at 3:20 a. m. today.

Mrs. Powers, wife of Robert Powers, who survives was the former Miss Fannie Reid of New Burnside, daughter of Caleb and Martha Reid. She was married to Robert Powers in September of 1914. In addition to her husband, Mrs. Powers is survived by her sisters, Mrs. Helen Glass and Mrs. Minnie Primm, both of Chester, and three brothers, Hugh Reid Charleston, Okla., Joe Reid, Chester, and Charles Reid, West Frankfort.

The body will lie in state at the Turner funeral home in Harrisburg until the funeral at 2 p. m. Monday. The funeral will be held in the McKinley Avenue Baptist church and the Rev. J. D. McCarty will officiate. Burial will be in the Robinson cemetery.

## SIU Trustees Pave Way for Four-Year Program in Dep't of Forestry

CARBONDALE, Ill. — Action of the Southern Illinois University Board of Trustees in authorizing a new Department of Forestry in the SIU School of Agriculture paves the way for setting up at Southern a four-year program leading to a Bachelor of Science in Forestry degree, according to SIU President D. W. Morris.

Dr. A. B. Caster, chairman of the Plant Industries Department in the SIU School of Agriculture, has been named acting chairman of the new department.

Dean W. E. Kepper of the School of Agriculture says many young men in Illinois desire to study forestry but no institution in the state currently offers more than two years of the regular four-year program for a degree in forestry. At present such students must transfer to out-of-state schools to complete their training. Mounting out-of-state fees are making it increasingly difficult for students in Illinois to pursue a forestry education. During the present fall term 37 forestry students are registered at Southern.

In establishing the department opening the way for additional

forestry education at SIU, the Board of Trustees considered the institution's favorable location in the forested region of the state and its advantageous position to work cooperatively with established agencies such as the United States Forest Service, the United States Fish and Wildlife Service. A complete forestry teaching program at SIU would supplement present research programs that are being carried on cooperatively with the Carbondale Forest Research Center (U. S. Forest Service) and provide a desirable avenue for translating research results into action programs.

Various reports show a national shortage of trained foresters and a growing need for them, Kepper says. Demonstrating a growing awareness of this shortage and need is the fact that the Sahara Coal Company, Chicago, recently established 60 forestry scholarships at Southern Illinois University, each covering tuition and fees for one year. The scholarships extend over a four-year period, 10 being available this year, 20 in each of the next two years, and 10 in the fourth year.

# Russia Launches First Earth Satellite; Wins Race into Space

**To Speed Own Program**

## American Scientists Caught Flat-Footed by Launching of Satellite

WASHINGTON (AP)—American scientists, caught flatfooted by Russia's epic launching of the first man-made moon, indicated today the United States may speed up its own earth satellite program.

Leaders of the U. S. satellite program also said that it appears Russia rocketed its heavy 184-pound satellite into a globe girdling orbit with a rocket "close to" an intercontinental ballistic missile.

That could mean Russia not only has beaten this country to the frontiers of space, but also to what has been called the "ultimate weapon" for modern day war—the ICBM. This country has not yet tested a successful ICBM.

American diplomats conceded Russia had scored a notable prop-

aganda victory. The military implications of the Soviet feat were tremendous.

**No Presidential Comment**

President Eisenhower, who first announced plans for the U. S. earth satellite program July 29, 1955, was informed at his Gettysburg, Pa., farm of the notable Soviet "feat." He had no immediate comment.

American scientists involved in the U. S. satellite were at a cocktail party at the Soviet Embassy here where Moscow radio broke the news. They rushed back to their headquarters and set in motion a U. S. and worldwide tracking system to trace the progress of the Soviet moon.

When they came out of shock the scientists said words adding up to fine, splendid, great. At heart they were sick. The United States had done 90 per cent of the talking about earth satellites. Russia, it turned out, had done 100 per cent of the performing.

Having performed, the Russians permitted themselves the luxury of a little boasting. What they have done, they said in Moscow, "will pave the way for space travel." Just last week they had forecast rocket flights to the Moon and Mars within a decade.

**Reds Kept Silent**

Both the U. S. and USSR undertook to send instrument-laden moons into space as part of the International Geophysical Year (IGY), a cooperative venture of 64 countries and some 10,000 scientists to strip away mysteries still veiling the earth.

All IGY nations are pledged to keep each other informed of their projects and their results. The Russians, however, cloaked their satellite program in secrecy—until Friday.

Even after their moon was in orbit and flashing radio signals sporadically picked up in this country and elsewhere, the Russians withheld for the time being data vital to precision tracking by other nations.

The U. S. moved quickly to remedy this. Some 160 "moonwatch teams" in this and other nations went to work.

## Facts, Figures on Soviet Satellite

MOSCOW (AP)—Facts and figures of the Soviet satellite: Size—22.8 inches in diameter.

Weight—184 pounds. Speed—18,000 miles per hour. Estimated life—Not more than three weeks.

Altitude of orbit—560 miles. Signals—Two radio transmitters sending "beeps" at 20,005 and 40,082 megacycles, strong enough to be picked up by ham operators.

Visibility—Best at sundown and sunset.

Rotation—Circles earth once every 1 hour and 35 minutes. Orbit—The orbit of the satellite is stable, but since the earth is rotating under it, the satellite will successively be a little further west each time it goes around. Thus it eventually will cross every nation on the earth.

## Uneasy Quiet in Warsaw After Anti-Gov't Riots

WARSAW (AP)—Communist militiamen rumbled through the streets of Warsaw in trucks and radio patrol cars today prepared to pounce on any resurgence of anti-government rioting that raged through the city Friday night.

At least 200 persons were reported under arrest and an uneasy quiet settled on the city.

By early this morning the streets were clear and trolleys and buses were running normally.

It was a sharp contrast to Friday night when thousands of Poles armed with rocks and paving blocks battled police for more than three hours. One estimate placed the number of rioters at 20,000.

The violence erupted when police broke up a student rally at the polytechnic high school protesting the government suspension of the student weekly publication Pro Prostu (Straight On), one of the most anti-Stalinist papers in Poland.

The students, quickly joined by other citizens, stormed into the city streets.

## Soviets Hail Victory as First Stage of Projected Flights to The Moon

LONDON (AP)—The Soviet Union has won the race into outer space by launching mankind's first earth satellite and a triumphant Moscow broadcast today hailed the victory as the first stage of projected flights to the moon.

The pulsating radio "beep" of the satellite signaled to the world that man had crossed the threshold into the age of space travel with an 184-pound, 22.8-inch globe now orbiting the earth 560 miles up at a speed of 18,000 miles an hour.

A special bulletin quoted Soviet scientist Kirill Stanyukovich, a jet propulsion expert and member of the Soviet inter-departmental commission on interplanetary communications, as saying:

"The launching . . . is also the necessary first stage in the conquering of interplanetary space. It is the necessary first stage in the flight to the moon."

Millions of persons throughout the world heard the "beep . . . beep . . . beep" rebroadcast today by local stations and realized that man had taken his first faltering steps into the new era.

Launching of the satellite was a tremendous victory for science. It was a more tremendous victory for Soviet propaganda to be able to trumpet to the world the Russians were the first to break through the frontiers of space.

**Bolsters ICBM Claims**

It bolstered Russian claims to be the first to have perfected an intercontinental ballistic missile for it might well have taken such a missile to launch the satellite on its flight around the world every 95 minutes—about 15 times a day.

John P. Hagen, the U. S. satellite chief, told the United Press in an interview in Washington the rocket that blasted the satellite skywards may have been "close to" an ICBM.

Hagen, head of Project Vanguard, urged a speedup of the American satellite program, now set for a launching this fall.

The Russians said more satellites would be launched later. They have said earlier the satellite marked the first step of travel to the moon and perhaps to Mars and Venus as well and said travel to the planets might well begin by 1965.

**Timing Amazes Scientists**

The speed with which Russia carried out the launching amazed scientists throughout the world. One had been expected during this worldwide geophysical year but not for several more months.

The secrecy of the operation annoyed some scientists for they were unable to warn in time their

"moonwatch" teams which observe the satellite. Another minor annoyance was the fact the Russians changed the agreed upon radio frequency of the "beeps."

The Russian announcement, made first by Moscow radio in a broadcast beamed in English to the United States, said flight of the satellite can "be observed in the rays of the rising and setting sun with the aid of the simplest optical instruments, such as binoculars and spyglasses."

The first man to report seeing the satellite was Larry Ochs of Columbus, Ohio, one of seven moon-watchers alerted.

**Brain Begins Working**

In the Massachusetts Institute of Technology a monstrous electronic brain began putting together the scraps of information which would result in exact knowledge of the satellite's movements.

The size and weight amazed American scientists. The American satellite is to be 20 inches in diameter and will weigh 21½ pounds. Scientists said the 184-pound weight of the Soviet satellite was astounding and indicated that a rocket nearly as powerful as one for an ICBM must have been used.

The first satellite is expected to remain aloft only for a week or two then when it descends into the atmosphere of the earth its great velocity over a protracted period will cause it to burn like a meteor.

## Big Propaganda Victory, U. S. Diplomats Admit

WASHINGTON (AP)—The Russians have scored a great propaganda victory by sending the first man-made moon hurtling around the earth, U. S. diplomatic officials admitted today.

The Russians are certain to trumpet to the world they can outdo the United States in one of the most important scientific fields known to mankind—the frontiers of space.

If the Soviet Union can excel the Americans in this field, and demonstrate it by their circling satellite, Moscow also can seek to put across the implication it can beat the United States in military prowess.

In fact the Russians have said they have beaten this country in the race to secure an intercontinental ballistic missile—called by some the "ultimate weapon" in modern-day warfare. Several high U. S. officials said the Soviet satellite launching seems to mean the Russians actually have an ICBM.

What effect this hint of supremacy will have on nations less powerful than Russia or the United States remains to be seen. But countries weighing their place in the East-West power contest may think twice now before allying themselves too closely with the United States if Russia may become an equal or greater military power.

This might lead to increased neutralism—a force the United States has generally resisted. At worst it might lead a swing closer to the Soviet orbit by some nations—such as Middle Eastern countries now in the middle between U. S. and Russian influence or already sliding closer to Moscow.

There was no sign U. S. intelligence agencies had any advance knowledge of the launching of the Soviet moon.

## The Weather

Illinois: Continued fair with little change in temperature tonight and Sunday. Low tonight upper 40s. High Sunday mid 70s.

Local Temperature	
Friday	Saturday
3 p. m. — 73	3 a. m. — 52
6 p. m. — 66	6 a. m. — 47
9 p. m. — 60	9 a. m. — 66
12 m. — 55	12 noon — 70

## No '57 Traffic Deaths in 89 Illinois Cities

SPRINGFIELD (AP)—A total of 89 out of the 151 Illinois cities with a population of 5,000 or more came through the first six months of 1957 without a traffic death, state officials reported today.

Only nine of the state's 102 counties escaped any traffic deaths in the six month period, the same number recorded during the first six months of last year.

Largest city in the state to report no traffic fatalities during the first six months of this year was Rock Island. Other good-sized cities without fatalities included Waukegan, Danville, Galesburg, Chicago Heights, Urbana, Pekin, Elmhurst, Elmdorf Park, Wilmette, Kewanee, Highland Park, Streator and Mount Vernon.

The summary of accident statistics was prepared by the state Highway Division. It indicated a total of 75,631 accidents, 44,171 persons injured, and 1,030 persons killed on Illinois highways in the first six months of this year.

The nine counties reporting no fatal accidents were Clay, Henderson, Jasper, Johnson, Marshall, Menard, Pope, Putnam, and Wabash.

Other cities on the list of 89 which had no fatalities include: Cairo, Collinsville, West Frankfort, Harrisburg, Carbondale, Marion, Herrin, Mount Carmel, Olney, Murphysboro, Benton, Effingham, Robinson, Lawrenceville, Salem, Metropolis, Fairfield, Carmi, Creve Coeur, Vandalia, Chester and Flora.

## Mrs. William Shea Dies at Eldorado

Mrs. Maggie Shea, 79, widow of William Shea, died at the Ferrell hospital in Eldorado at 2:30 p. m. Friday. Widow of William Shea, Mrs. Shea formerly lived on State street in Eldorado, but more recently had stayed with her friend, Mrs. McDonald. The body is in the care of the Bean and Tanner funeral home and funeral plans are waiting on the arrival of her daughter, Mrs. Nolan Edmonds from Lakeport, Ind.

## Rites Sunday for Miss Blanche Mings

The funeral of Miss Blanche Mings, 31, Raleigh RFD who died Friday, will be held at 1 p. m. Sunday in the Long Branch Baptist church. Rev. W. A. Ward will officiate and burial will be in the Masonic cemetery at Raleigh. The body is in the care of the Courtney funeral home of Galatia and will lie in state at the home of her sister, Mrs. Loyd Oglesby in Galatia until time for the funeral.

## MINES

Sahara 5, 7, 16 work. Carmac works. Will Scarlett no report

## Scientists Track Earth Satellite By Radio; Orbit in Line with Sun

CAMBRIDGE, Mass. (AP)—Scientists tracked the Russian earth satellite by radio today as it whirled in a path that carried it over the United States.

But the experts said that for two or three weeks it could not be seen by the naked eye or by telescope because its orbit is directly in line with the sun.

The "approximate orbit" of the satellite as tracked by U. S. scientists was to take it over Philadelphia about 7:40 a. m. c. s. t. while it whizzed at 18,000 miles an hour northwest-to-southeast thru space.

An hour and a half later it would be over midwestern states while making another complete circle of the globe, and would pass over the West Coast on a third round-the-world trip three hours after going by Philadelphia.

As it raced through space, the satellite transmitted temperature data in a code known only to the Russians. Several radio operators in the United States reported picking up these signals.

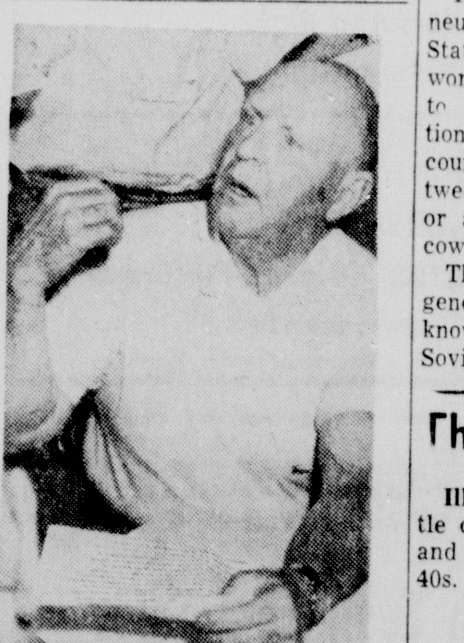

**Won't See It Today**

Radio Moscow said today 30 telescopes were set up at the Leningrad Pulkovo observatory to track the satellite and that scientists throughout Russia also were trying to track its movements.

The Russian said the Leningrad state university built a "satellite observation station" in Petrodvorets equipped with special telescopes.

Dr. Fred L. Whipple, director of the Smithsonian astrophysical observatory and leader of a team of American "moonwatchers" said it would be impossible to see the baby moon today.

"You'd have to look right into the sun," he said.

JAMES R. HOFFA (left) newly elected president of the Teamsters Union, is shown at a press conference at the Miami Beach, Fla., convention. Dave Beck (right), the outgoing president, also is shown at a press conference at the convention.

# Items of Agricultural Interest

(A roundup of the week's  
work, activities and observa-  
tions at the University of Illi-  
nois Dixon Springs Experiment  
Station near Robbs in south-  
ern Illinois, prepared by the  
Station's staff.)

"Roundup" of the Station herd  
is a month away. At least, for years  
November has been the month for  
weaning, herd health checks and  
vaccinations. This year it was a  
surprise to see the cattle being  
driven into the corrals early in  
September. Inspection revealed  
that Dr. M. E. Mansfield, Station  
veterinarian, was only vaccinating  
the heifer calves against brucellosis  
and that the regular "roundup"  
would occur as usual.

**Brucellosis Vaccination**  
Dr. Mansfield explained that this  
early vaccination was necessary to  
help avoid what is known as vac-  
cination reaction, or a positive test  
for brucellosis in the mature ani-  
mal as a result of vaccination. For  
a period of time following vaccina-  
tion, the blood test will be positive  
for brucellosis. The older the heifer  
at vaccination, the longer the  
vaccination reaction persists and  
the greater the possibility that the  
blood test will be positive when  
the heifer matures.

For years the Station herd has  
been on a brucellosis control pro-  
gram of "test and slaughter" cou-  
pled with "calfhood vaccination."

Under such a program vaccination  
reactions in mature animals cloud  
the picture. It is impossible to tell  
whether or not the positive test is  
only a vaccination reaction or a  
true infection of brucellosis. The  
only action that can be taken is

to slaughter all reactors. By vac-  
inating calves before six months  
of age, Dr. Mansfield believes that  
only rarely will a vaccination re-  
action occur in the mature heifer.

**Work**  
The big job on the Station today  
is the making of corn silage. Close  
behind the blower of the forage  
chopper as it contours its way along  
the corn rows is the pasture and  
small grain seeding crew.

Two concrete trench silos are  
being built, each with about 90-ton  
capacity. These silos are 68 feet  
long, 8 feet deep, 8 feet wide at  
the bottom and 12 feet wide at the  
top.

## Warns Against Splitting of Farms

URBANA—Splitting of farms in  
to smaller units so that heirs have  
equal ownership of land can be a  
great handicap to all, warns C.  
L. Stewart, University of Illinois  
land economist.

Stewart points out that in the  
midwest, only a few owners leave  
enough farm land to supply two  
or more of their heirs with areas  
large enough to keep an operator  
busy. He suggests that officers  
in probate courts where estates  
are administered help avoid ex-  
cessive subdivision of farms. They  
can encourage joint operation of in-  
herited property or keeping the  
unit together so that it can be  
efficiently operated by a tenant.

Land owners who are making  
wills might also keep in mind now  
land left to several heirs can be  
resold to avoid splintered farm  
units.

Stewart cites the experiences in  
certain foreign countries to illus-  
trate the dangers and pathetic re-  
sults of split inheritances. In  
France, "6,867 acres of land have  
been divided into 48,000 parcels,  
some of which are less than 120  
square yards. In Savoy, one farm  
of 26 acres comprises 275 parcels.

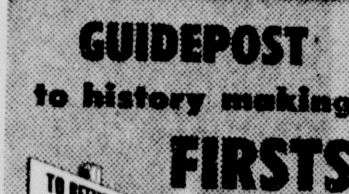

In certain rural areas of India  
plots of land only a few feet long  
and a few feet wide can be found.  
Stewart says perhaps no worse  
examples of damage done by  
fragmentation can be cited.

Cut up land units in older  
countries have nullified the effi-  
ciency in farming with modern  
machinery. Where farms have  
been fragmented the most, there  
has been more temptation to urge  
collective farms particularly where  
communist programs are being  
promoted, Stewart points out.

Widows, especially those with  
children need special rights in  
dealing with real estate farm own-  
ers leave behind. Stewart feels  
some laws need to be adjusted to  
fix more adequate provision for  
widows.

Getting land into the hands of  
operators so that the size of farm  
allows larger net income and de-  
cent living standards has probably  
never been needed more than  
now, he concludes.

For more information about its  
planting and care, you can get  
University of Illinois Circular 778,  
"Zoysia Grass for Illinois Lawns,"  
from the University of Illinois  
College of Agriculture at Urbana  
or from any Illinois county farm  
adviser.

## SIU Country Column

Have you neglected to transplant  
the bulbs of those spring flowering  
plants whose colorful blossoms  
brighten garden nooks around the  
homestead during the first warm  
days of spring? If so it is not yet  
too late to do the job.

Flowering bulbs which add much  
color and beauty throughout the  
area in the early spring fall into  
three general groups, according to  
Dr. Lowell R. Tucker, horticultur-  
ist and landscape gardening teach-  
er at Southern Illinois University.

There are plants, such as the  
narcissus, which produce bulbs.  
Others, such as the canna, produce  
tubers. The crocus is an example  
of plants producing corms. After  
blooming most such plants continue  
leaf growing activity for a time to  
store plant nutrients in sufficient  
amounts for early spring growth.  
Then they lie dormant throughout  
the heat of summer and the cold  
of winter, ready to burst forth  
again to brighten the landscape  
with the first favorable signs of  
spring.

Winters in Southern Illinois nor-  
mally are mild enough so that many  
kinds of bulbs may be left in the  
ground without danger. However,  
they do need to be transplanted oc-  
casionally to thin out the growth  
and to keep the flowers large and  
vigorous. Their dormant period in  
the summer and autumn is the time  
to transplant.

The crocus may be transplanted  
any time from late June until au-  
tumn. Place the corms three inches  
deep at two-inch intervals. The  
snowdrop or galanthus may be  
planted at about the same time,  
three inches deep and three inches  
apart.

Jonquils do well if set five inches  
deep and six inches apart. The  
narcissus thrives at six or seven  
inches deep and one foot apart.  
Lilies may be planted a little deeper.  
Tulips and hyacinths should be  
planted about six inches deep.

In heavy soils the bulbs need to  
be planted more shallow. In such  
instances the more tender types  
which cannot endure hard freezing  
should be dug and stored during  
the winter for spring planting.

Persons who expect to transplant  
shrubs or small trees soon ought  
to be planning where the plants  
will be placed. Most such plants  
may be transplanted satisfactorily  
in autumn or early winter after the  
leaves have fallen. An important  
part of good success in transplant-  
ing shrubs and trees is to dig a  
large enough hole in the soil to  
permit roots to be spread in their  
new home about as they were in  
their original location. Then prune  
the tops by thinning out the branch-  
es so as to balance with the roots.  
Such pruning should be a thinning  
practice which will help the plant  
develop in its natural shape.

In planting flowering shrubs or  
hardy plants, group placing usually  
is better for ornamental attractive-  
ness than is planting in a single  
row. Using a variety of shrubs  
which blossom at different times  
during the season will add beauty  
to the home landscape and prolong  
enjoyment.

## Zoysia Grass Does Well in Illinois

By H. R. Kemmerer and

F. F. Weinard, Department of  
Horticulture, University of Illinois  
Zoysia is a warm-weather grass  
that is commonly used in the  
southern United States. However,  
a new hybrid strain, Meyer Z-52  
Zoysia, has done well in southern  
and central Illinois. It does not  
grow very fast in the northern  
part of the state.

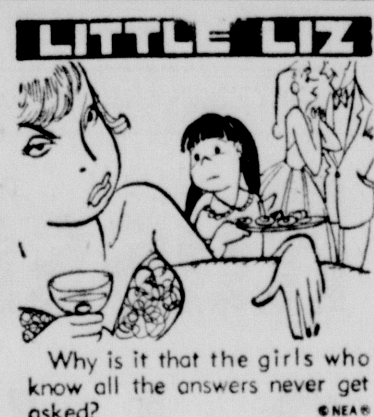

A mature stand of Meyer Zoysia  
looks somewhat like Kentucky blue-  
grass, but it is considerably  
stiffer and does not grow quite so  
tall. The creeping stems of  
Zoysia form a dense sod in sum-  
mer, so it competes well with  
weeds, particularly crabgrass. It  
resists wear and it stays green dur-  
ing drouth periods when Kentucky  
bluegrass burns out.

A disadvantage of Meyer Zoysia  
is that it takes one or two years  
to become established. It is also  
dormant in winter, so it does not  
make an attractive lawn during  
winter and early spring. Blue-  
grass stays green longer in the  
fall and turns green again in early  
spring.

Zoysia should not be considered  
a substitute for Kentucky blue-  
grass, but rather as a supplement  
where bluegrass doesn't do too  
well. Zoysia is a backyard grass,  
being especially adaptable for  
areas that receive heavy wear, such  
as play and service areas.

No seed is available for Meyer  
Zoysia because, like other hybrids,  
it does not breed true. It must be  
bought in round plugs or strips of  
sod. When buying these plugs or  
strips, be sure they are moist and  
well supplied with creeping stems.

You can set out this grass any  
time from March 1 to September  
15. Newly planted areas should be  
watered heavily until active  
growth appears.

## Beginning Farmers Face Money Needs

URBANA—Beginning farmers  
today face many financial prob-  
lems, a University of Illinois farm  
economist pointed out to Illinois  
Production credit association field  
men at their annual meeting Fri-  
day.

F. J. Reiss stressed the high cap-  
ital needs of beginning farmers.  
They may easily average \$8,000 or  
more. And usually a sizable part  
must be borrowed from relatives  
or credit agencies.

Reiss warned against farming on  
a small scale to keep down the  
amount borrowed. That may mean  
operating with such high per unit  
costs of production that income is  
not sufficient to repay debts or  
maintain an acceptable standard  
of living.

In addition to paying off debts,  
those who start farming have a  
problem of building up volume.  
Earnings may actually be in the  
form of increased inventories,  
which can't be used to pay off  
debts.

So beginning farmers need bor-  
rowed money for longer than one  
year—usually three to five years.  
This time will usually be long  
enough to pay off debts for ma-  
chinery and breeding stock.

Reiss also pointed out that be-  
ginning farm families are differ-  
ent from those of a generation ago.  
Their living standards tend to be  
higher and they buy more things  
for cash using less home-grown  
goods and services. Studies show  
that about 40 percent of the wives  
of recent beginning farmers were  
not farm girls. So their standards  
in home furnishings, travel and  
recreation may be different from  
those of their parents.

On the other hand, young wives  
now are more likely to hold jobs  
outside the home. This additional  
income often helps to pay house-  
hold expenses, leaving the farm  
income to be used for reducing  
and retiring debts.

## Implanting of Hormones Not Recommended

URBANA—Extension livestock  
specialists at the University of Il-  
linois College of Agriculture do  
not recommend that you implant  
hormones in heifers.

Work at both the Purdue and  
Illinois Agricultural Experiment  
Stations showed increased gains in  
implanted heifers. Implants also  
saved feed needed to put on a  
pound of gain.

However, the undesirable side  
effects in the implanted heifers  
more than offset the advantages  
of implanting. These effects in-  
cluded elevated tail heads, low  
backs, increased udder develop-  
ment and lower carcass grades.

On the other hand, implanting  
steers that are on a full feed of  
grain has proved to be a satisfac-  
tory and economical way to get  
the benefits of hormones in a steer  
fattening program, the specialists  
say. Twenty-four to 36 milligrams  
each seems to be about the right  
amount to use on yearling steers.

A dairy extension specialist at  
the University of Illinois says that  
silage feeding quality depends as  
much on the way the silo is filled  
as on the forage you put in it.

## Farm Mortgage Debts Rise

WASHINGTON (UP)—Farmers'  
mortgage debts rose to about \$10,  
266,000,000 — the highest level  
since 1924—in the half year ending  
last June 30, the Agriculture De-  
partment estimated today.

The ratio of mortgage debts to  
the value of farm real estate, how-  
ever, was down sharply compared  
with 1924, department records in-  
dicated.

Farm mortgage debts July 1 rep-  
resented about \$1 for each \$11  
worth of farm land and buildings  
at 1957 prices. In 1924, the total  
farm mortgage debt of \$10,664,000,  
represented about \$1 for each \$3  
worth of land and buildings.

The department said the rise in  
farm mortgage debts so far in 1957  
has been "somewhat slower" than  
in the same period in 1956.

## BIBLE THOUGHT FOR TODAY

Be sure your sin will find you  
out. Numbers 32:23.

This text was read by a man  
who read the Lexington, Ky.,  
newspaper containing our sermon-  
ette and was saved from a con-  
templated crime that would have  
ruined his life. There are a mil-  
lion men in prison in America  
alone who thought their sin never  
would be found out.

## 1958 AC Program Now Underway

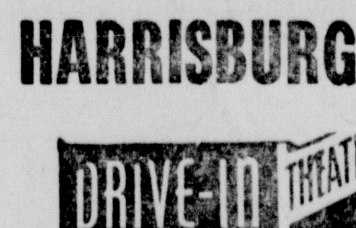

The 1958 AC program officially  
opened Sept. 1, 1957, and it will be  
operated for the period Sept. 1,  
1957 through Dec. 31, 1957, with  
the same practices, rates of cost-  
sharing and specifications as  
those approved for use under the  
1957 program.

The Saline County ASC office  
has been approved approximately  
20 percent of the allocation which  
is expected for 1958 according to  
Edgar V. Thompson, chairman of  
the local county committee. Re-  
quests are being taken now but if  
requests have been made for the  
1957 program these practices  
must be carried out and reported  
before a new request can be filed.

Anyone interested should con-  
tact the ASC office located in the  
city hall, Harrisburg. The date  
for completing practices in all  
cases will be December 31, 1957  
and the final reporting date is  
January 10, 1958.

## Family Bible Commemorated at Moore Reunion

J. B. MOORE, 79 AND A. A. MOORE, 74, the oldest survivors of W. A. and Margaret Lebo Moore.

The descendants and relations of Margaret Lebo Moore honored her at the 1957 Moore family reunion held the last Sunday in August at Moore's grove.

Mrs. Moore was born in Marysville, Tenn., in 1857 and died in 1927. She was granted her wish to see her children grown before she died and ten of the twelve were at her bedside.

The family Bible, shown in the center of the platform, has recorded in its pages 14 births and the marriage record of 12 of the children. Two had died in infancy. The group sang "My Mother's Bible" and "Precious Memories" to commemorate this book.

The backdrop for the platform supported an enlarged picture of W. A. and Margaret Lebo Moore and the flag from the casket of the Spanish American War veteran, Harvey Moore. The family treasures four such flags. Its military record shows that two Lebo men came to America with Lafayette, during the Revolutionary War. Grandfather Moore is recorded as having served in the Mexican War and Grandfather Lebo as having served in the Civil War. Harvey Moore and Bert Moore were in the Spanish American War and there were members of the family in World Wars I and II. Dale Moore was a casualty of the Battle of the Bulge in Belgium. Patriotic songs were sung to honor these soldiers.

The youth, at the reunion enjoyed games, pony rides, swings and races, but there were some here who were at the other end of the time schedule. There were family members attending from the age of two months to 94 years.

Isham Crosson, 90, a cousin of Margaret Lebo Moore, is the son of Margaret Lebo Crosson, named for the former Margaret. G. W. Thompson, nearing 95, is the father of Mrs. A. A. Moore. Sarah Lebo Mosley, of East St. Louis 94, could not attend this year.

In addition to J. B. Moore and A. A. Moore who stood on the platform for a picture, and are retired teachers, Jess J. Moore and C. C. Moore, retired miners, Nelson Moore, Washington, D. C. a retired telegrapher, and their sister, Mary Belle, of California, survive.

Tape recordings of previous meetings were played and the program closed with the group singing, "God Be With You 'Til We Meet Again."

## Returns From Grand Chapter O. E. S. Meeting

Mrs. Noble Shaw and Mrs. G. B. Wiley returned home Thursday night from Chicago where they had attended the 83rd session of Grand Chapter of the Order of Eastern Star, held Monday, Tuesday and Wednesday in the Madison Avenue Hotel in Chicago. Mrs. R. C. Davenport, a past worthy grand matron, was present also. Mr. and Mrs. E. Bishop Hill were present during the installation of grand officers. They remained to attend the grand lodge of the Masons in session Thursday, Friday and Saturday of this week.

Mrs. Betty Kighgate Clark of Chicago was elected Worthy Grand Matron of Illinois and Menke Drewes as Worthy Grand Patron.

## Hospital Notes

**Harrisburg Hospital**  
Admitted:  
Mrs. Cecil Dale, 611 East Poplar street, Harrisburg.  
Mrs. Tim Hooker, Harrisburg.  
Mrs. Charles Threet RFD 2, Harrisburg.  
Mrs. James Williams, Eddyville.

## Marriage Licenses

Robert Joseph Vogel, 21, Cairo, and Carolyn Sue Berry, 18, Eldorado.

ISHAM CROSSON, 90, AND GEORGE W. THOMPSON, 94, the oldest members of the Moore family at the reunion.

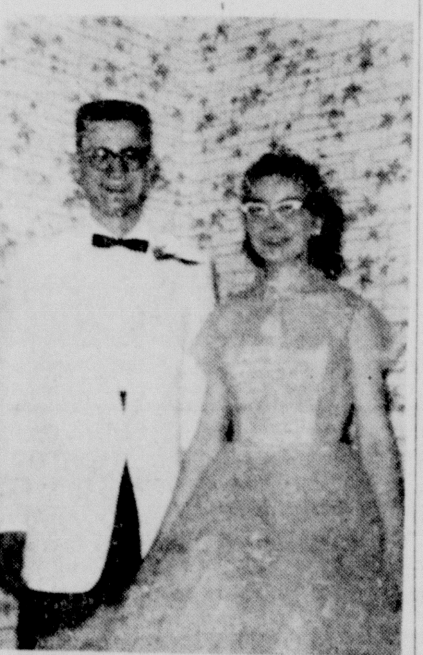

## Cottage Grove Home Bureau Meets With Mrs. Bill Kaid

The October meeting of the Cottage Grove Home Bureau was held in the home of Mrs. Bill Kaid this week. The announcement was made that the November meeting will be a joint meeting with the Big Ridge unit. It will be held in the Big Ridge Baptist church Nov. 6 at 1:30 p. m. Mrs. Lady Martin Hunt, home adviser, will give the lesson at this meeting.

Mrs. Eugene Lamkin presented the lesson "Arranging Flowers, Twigs, Shrubs" and Mrs. J. W. Alvey joined the unit. The hostess was assisted by her daughter, Mrs. Eugene Rister of Raleigh, in the serving of refreshments to the 12 members present.

Mrs. Ora Thorne, who has lived in Mt. Vernon for two or three years, returned recently to her home at Herod, where she operates an antique business in a log house erected by her ancestors, not far from Fairy Clyffe.

## Schafer Gibb Engagement Party

Miss Evelyn Schafer and Orvel Edwards Jr.

LeRoy Gibbs, Equality, was among the out of town guests who attended the recent engagement and birthday party of Miss Evelyn Schafer, daughter of Mr. and Mrs. Eric Schafer, 3109 Commercial street, South Chicago Heights, and sister of Mrs. Munro Gibbs, RFD 3, Harrisburg. Miss Schafer's parents announced her engagement to Orvel Edwards Jr., son of Mr. and Mrs. Orvel Edwards Sr., RFD 3, Box 210A2 Chicago Heights, at the party. Miss Schafer will attend Blackburn College, where she has been awarded a four year scholarship, and both of the young people will train for service as officers in the Salvation Army Corps of LaPorte, Ind.

Other out of town guests included Salvation Army Major H. J. Baker, former Chicago Heights resident, and Miss Erna Schutz and Miss Pat Vander Vliet of LaPorte.

## Mr. and Mrs. John Stewart Leaving For Florida Saturday

Mr. and Mrs. John Stewart, 727 West Lincoln street, Harrisburg, are leaving for Hollywood, Fla., Saturday for Mrs. Stewart's health. She hopes that her rheumatism will be relieved by the change in climate and her nieces and nephews have urged her to come to live near them.

The friends and neighbors surprised her with a handkerchief shower at 2 p. m. Wednesday and took refreshments of ice cream, cake and lemonade to her home for the party. Those attending were: Mollie Griffith, Madeline Duke, Anna Maddox, Maud Nelson, Grace Thompson, Effie Foster, Cora Church, Grace McCormick, Emma Chancey, Thelma Ewell, Kate Parish, Jeanie Adams, Anna Ewell, Becky Parish, Connie Parish, Anna Carrell and Yvonne Duke. Mrs. Stewart is known affectionately to her friends as Annie.

## Calendar Of Meetins

The V. F. W. Ladies' auxiliary will meet at 7:30 p. m. Monday.

Arrow Lodge No. 386, I. O. O. F., will hold its regular meeting at 7:30 p. m. Monday. Initiatory degrees will be conferred. Members please come early. Visitors are welcome. John Cain, N. G.

The Saline County Singing Convention will meet Sunday at 2 p. m. at the First Baptist church in Carrier Mills. All singers and the public cordially invited.

Rev. C. E. Russell, pastor of the Raleigh Baptist church, will be in charge of the W.C.T.U. program over radio station WEBQ at 2:30 p. m. Monday.

## Births

Mr. and Mrs. Charles Holloway, 408 West South street, Harrisburg, are parents of a boy, born at the Harrisburg hospital Friday, and weighing six pounds, 10 ounces. The baby has been named David Lee.

Mr. and Mrs. Cecil Dale, 611 East Poplar street, Harrisburg, are parents of a boy, born Friday at the Harrisburg hospital, and weighing six pounds, eight ounces at birth. The baby has been named Danny Keith.

## Elvis Gets Reprieve

MEMPHIS, Tenn. (UP) — Rock 'n' roll fans can breathe easier today. Elvis Presley's draft board chairman says the singer, who is 1A, won't be inducted for some time. Chairman Milton Bowers says reduced draft quotas and increased numbers of volunteers will keep Presley out of uniform "until the end of next year, at least."

## Your Garden

### Carefully Planted Bulbs Mean Fine Blooming Garden in the Spring

By HENRY FREE  
Autumn, of course, is lily planting time and the earlier you get the bulbs in the ground, the better for next year's bloom.

It is well to make a distinction between the stem rooting lilies and those which root only from the base of the bulb. Regel and Aurtum are examples of the former and should be planted seven to nine inches deep. Base rooters, such as Candidum and Superbum are planted with only about four inches of soil over them. If the bulbs are apt to arrive late, prepare their beds and cover with leaves to prevent freezing.

As soon as frost has blackened the dahlias their tubers should be carefully dug, cured and stored until next May. Gladioli, too, will soon be ready for digging and treating. Their leaves had better be left on until the corms have been sun-dried for a week. Cover them on frosty nights.

Of the spring-blooming bulbs which are autumn-planted, tulips can be safely left until last. As long as they get in the ground a couple of weeks before it freezes,

HOUSE PLANTS which have summered outdoors are brought in the house and treated for indoor life. Scrape away excess soil and loosen the dirt with a fork to facilitate fertilizing.

you have nothing to worry about. However, do get your crocus, hyacinth, narcissus and other bulbs planted at once to insure a good growth of roots before cold weather comes.

## Herrin Plant To Add Workers

CHICAGO (UP) — The Norge plant at Herrin, Ill., will manufacture wringer washing machines for Montgomery Ward & Co., the manufacturing company announced today.

Judson S. Sayre, Norge president, said the machines, to be built to the mail order firm's specifications, will be added to the plant's present line of automatic washers and other home appliances.

Approximately 175 workers will be added to the Herrin plant's payroll, it was learned, and about 125 additional workers will be taken on at Norge's Effingham plant. Part of the increase is due to the new contract, company sources indicated, and part to the seasonal upswing in business.

Company officials were hopeful that the new contract would help eliminate fluctuations in employment.

Production of the wringer washers will begin almost immediately, it was said, and the addition of new workers already is under way.

## President Praises Faithful Service of Newspaper Boys

WASHINGTON (UP) — President Eisenhower today praised the newspaper boys of America for their faithful service to the public.

The President issued this message addressed to the newspaper boys of the country: "In appreciation of your faithful service to the public, your friends set aside one day each year in your honor. This year on Saturday, Oct. 5, I'm happy to join them again in paying tribute to your enterprise.

"Delivering papers has been part of the early chapters of some of America's greatest success stories. From this youthful experience, requiring the industry and loyalty of each newspaper boy—and girl—I know you are gaining a sense of responsibility which will serve you in good stead for the rest of your lives."

## Divorce Action Filed

Melba Morse is named defendant in a praecipe for summons in divorce action filed in Saline County Circuit Court by Luray Morse.

## Two Airmen Hurt In Auto Crash

ST. LOUIS (UP) — Two airmen from Chanute Air Force Base suffered critical head injuries late Friday when their car went out of control on U. S. 66 in St. Louis County and rolled down a 30-foot embankment.

State police identified the injured as Orville Lewis, 20, Newburg, Mo., and Ralph Rantanen, 18, Calumet, Mich. No rank was given.

Police said the car, driven by Lewis, was traveling at an estimated 80 miles an hour in a 40-mile-an-hour zone when it overtook a second car. Lewis swung the car to avoid a collision, police said, and the machine skidded across the four-lane highway and toppled over the embankment.

## Poston Featured In Article

CARBONDALE, Ill. — The man who directs Southern Illinois University's department of community development is featured in a four-page article titled "Doctor of Sick Towns" in the Oct. 6 issue of Sunday Digest.

Richard W. Poston "goes at his pioneering job with a fervor that is both patriotic and religious," the article states.

"In eight years," the Sunday Digest says, "many ailing population centers in Washington, Illinois, and other states, ranging in size from a village of 500 to a city of 17,000 have, under Poston's guidance, found new vigor and community pride, through enthusiastic participation, physical improvements, cultural, educational and spiritual advancement, the cultivation of beauty, and warm neighborliness."

The Sunday Digest, "a weekly magazine of selected reading for the Christian home," quotes Poston as saying "I don't think that any community can ever reach its full capacity for truly effective living without active civic-minded churches and a strong religious life at the center."

Eldorado's "Operation Bootstrap" program is described at length as an example of how community development has worked in Southern Illinois towns, and two photos of Eldorado accompany the article.

Writer of the piece was William F. McDermott, veteran free-lancer whose by-line appears frequently in Reader's Digest.

Tree loads can change color to match the vegetation.

## THIS IS NATIONAL NEWSPAPER WEEK

Your newspaper tells the WHY of the news as men see it, in its editorial page. It is a forum for reader, columnist and editor. The news columns tell the story of man; this page tells what he thinks of his world, and how he would shape it.

## Cliff Falls On Highway; 3 Dead

SEATTLE, Wash. (UP) — Three highway construction workers died Friday night when a rocky cliff thundered down on a highway near Snoqualmie Pass Summit.

Rescue workers today were "holding their breaths" hoping no motorists were buried beneath the tons of debris.

The Washington State Patrol said at least one other construction worker was injured seriously when the cliff broke loose from a mountain side and roared over a quarter-mile of US 10, five miles east of the Snoqualmie Pass Summit.

Wally Maloney, supervisor of the North Bend, Wash. detachment of the State Patrol said, "We won't know for many hours—until the highway is cleared—whether any automobiles are trapped."

Maloney said the highway is "especially busy at that hour of Friday night."

"We just hope the quarter-mile section buried under rock — most of it 40-feet high—happened to be clear at 5 p. m., the approximate time of the slide," Maloney said.

The mountain side fell in an area where the highway was being widened to four lanes.

LITCHFIELD, Ill. (UP) — Donald M. Rinck, 18, Belleville, was killed and two passengers seriously injured early today when their car went out of control and rolled over four times near Litchfield.

Illinois state police said Rinck died instantly. Ronald P. Marine, 17, Belleville, and David Knerr, 20, O'Fallon, were in serious condition at St. Francis Hospital, Litchfield.

Officers said Rinck apparently tried to pass a car on U. S. 66 two miles north of Litchfield when his car went out of control and somersaulted.

## Air Force Economy Drive Cuts Into the Strategic Air Command

WASHINGTON (UP) — The Air Force economy drive has cut into the Strategic Air Command for the first time, knocking out the 91st Reconnaissance Wing at Lockbourne Air Force Base near Columbus, Ohio.

The Air Force said the wing will be deactivated about Nov. 8. Some 1,800 military personnel and 23 civilians will be affected, but the Air Force said all officers and airmen would be transferred to other Strategic Air Command units.

This will leave the Strategic Air Command, this country's long-range bombing outfit, with 44 wings. They are made up of 28 medium bomber wings, 11 heavy bomber wings and 5 reconnaissance wings.

## Reeder Rites at Eldorado Sunday

The funeral of Mrs. Rosa Lee Reeder, 89, who died in the Texas City community north of Eldorado, Friday, will be held at 2:30 p. m. Sunday at the Bean and Tanner funeral home chapel. Elder T. Leo Dodd will officiate and burial will be in the Poplar cemetery north of Eldorado. The body will lie in state at the funeral home in Eldorado until time for the funeral.

## Mistaken Identity Gets Dog Into Court

UNEMPLOYMENT COMPENSATION CLAIMS TAKEN

Drone and Kupchynsky were the main witnesses in the claim that the dog was theirs, describing the animal in detail and presenting an affidavit from the Kentucky kennel stating that this was the dog they purchased.

The Berkels and others were just as insistent that the dog in court was "Rowdy" and not "K-D."

The big payoff came late in the afternoon, however, when Drone introduced in evidence a dog he, Kupchynsky and others had found at the Berkels' former home near Ridgway. Several witnesses were called to the stand to identify the dog as "Rowdy." Even the Berkels definitely agreed that the last dog brought into court was their own "Rowdy."

Needless to say, the jury found in favor of Drone and Kupchynsky. Both parties in the suit then went home with dogs they could rightfully claim as their own.

Alton Greer, was attorney for Drone, while the Berkels were represented by Glen Jones of Saline county.

Drone and Kupchynsky were the main witnesses in the claim that the dog was theirs, describing the animal in detail and presenting an affidavit from the Kentucky kennel stating that this was the dog they purchased.

The Berkels and others were just as insistent that the dog in court was "Rowdy" and not "K-D."

The big payoff came late in the afternoon, however, when Drone introduced in evidence a dog he, Kupchynsky and others had found at the Berkels' former home near Ridgway. Several witnesses were called to the stand to identify the dog as "Rowdy." Even the Berkels definitely agreed that the last dog brought into court was their own "Rowdy."

## LATEST HAPPENINGS AT EQUALITY

By Ida B. Coyle

Mr. and Mrs. Kenneth Bragg were visitors of Mr. and Mrs. Herchel Moore in Marion Sunday. In the afternoon they enjoyed a pleasant trip to Cape Girardeau, Mo., where Mr. and Mrs. Moore's son, Terry, is enrolled in college.

William E. Allen arrived Thursday night of last week to visit his parents, Mr. and Mrs. Charles J. Allen. He flew from Detroit, Mich., to Evansville where his brother, James Allen, met him and accompanied him to Equality. He was joined at his parents' home Saturday morning by Mr. and Mrs. William Wolfe (Jennie B. Allen) and family of Dayton, Ohio and M. Sgt. Robert Frazier. On Saturday afternoon Mr. and Mrs. Forest Karns of Evansville arrived to show their new daughter to her great grandmother, Mrs. J. C. Allen.

M. Sgt. and Mrs. Robert Frazier (the former Helen G. Allen) and family have recently returned from Copenhagen, Denmark where M. Sgt. Frazier was attached to the American Embassy for three years. Their last child, a son, was born in Denmark in March of this year. They have two other children, Patricia Dawn, ten years, and Pamela Kay who is eight. While in Denmark the Frazier family toured all the countries on the continent of Europe for 30 days in 1955 and the Scandinavian countries in 1956. M. Sgt. Frazier left for his new assignment as an instructor in the Adjutant General's School at Fort Harrison, Ind., on September 18. Mrs. Frazier and children are staying on with Mr. and Mrs. Allen until Sgt. Frazier is settled on his new job and has a house available for them on the post.

David R. Sanks and son, Gene, Dorsey McLain and Virgil Alvey went to St. Louis Sunday to see the St. Louis-Chicago baseball game. Mr. and Mrs. T. R. Brewney went to Owensboro, Ky., Saturday for a weekend visit with their son, James D. Brewner and family. They were accompanied by Michael Moore who was a guest in the Brewner home.

Mrs. Carrie Meadows made a business trip to St. Louis Tuesday of last week.

Nana Lee Sisk, a freshman in Southern Illinois University in Carbondale spent the weekend in her home here with her parents, Mr. and Mrs. Jewell Sisk.

Miss Margery Brannon had as guests Thursday last week Mr. and Mrs. Rex Sears of Woodland, Wash. and Mr. and Mrs. Wm. Staley of Carmi, Miss. Mrs. Sears is the former Mrs. Lonnie Brannon. She is known here having visited here with Mr. Brannon.

A 3C Jack Barbre, son of Mrs. Lydia Barbre, is home on leave from service at an Air Force Base in San Antonio, Tex.

Mr. and Mrs. Frank Lentile of Cleveland, Ohio, were visitors here with the latter's mother, Mrs. J. O. Baldwin over last weekend. They left Tuesday last week accompanied by Mrs. Baldwin for Belleville to visit Mr. and Mrs. Norman Wason and family before returning to

their home Mrs. Baldwin will remain with the Wassons for a several days visit.

Mrs. Elsie Brinkley and her son and family, Mr. and Mrs. Billy Joe Brinkley and children of Manteno were guests in the Clifford Brinkley home here over the weekend. They also visited Mr. and Mrs. George Brinkley.

John R. Honea, son of Mrs. Godfred McLain arrived home Friday last week from Pendleton, Calif., after completing three years in service with the U. S. M. C.

Mr. and Mrs. Paul Burk and family of Gary, Ind., visited over the weekend with relatives here and in Harrisburg.

Mr. and Mrs. Harry F. McLain, Miss Wanda Frohock and Miss Carole Coyle of St. Louis were weekend visitors with their families here.

Mr. and Mrs. C. H. Guard were business and pleasure visitors in Evansville over the weekend. Mrs. David R. Sanks, Mrs. Mattie Sanks and daughter, Edith, and Mrs. J. C. Coyle enjoyed a drive to Little Grass camp near Carbondale Thursday afternoon last week.

Mrs. C. E. Womack of Blytheville, Ark., arrived in this city Thursday of last week for an indefinite visit with her sisters, Mrs. Richard DuVall and Mrs. J. A. Womack. She was accompanied here by her daughters, Mrs. Jesse White and Mrs. Rives Allen who returned home following a short visit.

Mr. and Mrs. Joe Merritt and Mrs. Lydia Barbre and family went to Evansville Sunday to spend the day with Mr. and Mrs. J. W. Merritt and family in celebration of Bonnie Merritt's birthday.

Mrs. David R. Sanks and son, Gene, were business visitors in Evansville, Saturday.

Ed Lambert of Junction was a visitor in the D. M. Woods home here a few days last week.

A. L. Willis of Carrier Mills was a visitor here Saturday afternoon.

Ted Thompson, who has employment in St. Louis spent the week end with his parents, Mr. and Mrs. Lytle Thompson. He was accompanied here by Kenny Purcell, son of Mr. and Mrs. Jack Purcell who visited with Mr. and Mrs. Dwight Barnett.

Alton Beatty visited his mother, Mrs. Wm. Beatty in Evansville, Friday.

**P. T. A. FRIDAY NIGHT**  
The Equality Parent Teacher Association met Friday night, September 25, at the Equality Grade School. After a delicious get acquainted pot luck supper with Wm. Williams asking the blessing, the meeting was called to order by the president, Ruth McMurty.

The P. T. A. prayer was given in unison by the members followed by the group singing "God Bless America;" and the pledge to the flag. The minutes of the previous meeting were read and approved. The treasurer's report was given by Mary Ann Bramlet. Mrs. Dale Drone's class received the P. T. A. attendance banner for the month

## Brushy

Mr. and Mrs. Robert Riegel, Jackson, Ohio, were Sunday guests of Mr. and Mrs. W. B. Riegel.

Mr. and Mrs. Grant Riegel and Mr. and Mrs. James Allen attended the Sunday school rally at Norris City Sunday. Mr. Riegel gave his report as superintendent of the Union Chapel Sunday school.

A. J. Droit is visiting with his son and family in St. Louis, Mo. The Galatia Home Bureau unit was pleased to receive honorable mention for its booth at the annual meeting. Favorable comment on the 28 exhibits were made by out of Saline county residents. Mrs. Fanno Bledig unit president, will attend and the crafts camp, Thursday and Friday, at Giant City Park.

Mr. and Mrs. John C. Small were honored with an anniversary dinner in the home of Mr. and Mrs. Joe Small, recently. Other guests were Mr. and Mrs. Walter Patterson, Mrs. Bedie Harris, Miss Opal Patterson and Miss Mary Margaret Small.

The Mt. Moriah W. S. C. S. met Thursday in the home of Mrs. Grover Abney. Louise Gollhofer was the leader. The church held "Family Night" Wednesday, starting with a potluck supper and

**Sales, Use Taxes In State for Year Total \$292,215,518**

SPRINGFIELD, Ill. (AP) — The Revenue Department today reported total use and sales tax collections from July 1, 1956, to June 30, 1957, added up to \$292,215,518.

The department said \$162,914,143 of the total was collected in Cook County; the remainder collected downstate and out-of-state. Use tax collections totaled \$10,510,266.

Food sales brought in the greatest amount of tax funds when the figures were broken down between types of collections. A total of \$65,829,807 was collected from food sales; \$42,221,351 from wholesale manufacturers and \$35,735,322 from general merchandise sales.

Followed by the regular prayer service, Maxine Knight presented a special number. Family night will be a regular feature on the first Wednesday of each month. Rev. Jenkins will show pictures made on his trip to the churches of Mexico, in the November meeting.

The Galatia school board met Monday evening and elected the following officers: John Boyette, president; C. B. Pulliam, clerk; Jack Large, administrator, and Nick Gullic, treasurer.

### 'Paul Writes to The Corinthians'

I Cor. 1:1-3; 10:15; 21:25  
MEMORY VERSE: "I determin-  
ed not to know anything among  
you, save Jesus Christ, and Him  
crucified." (I Cor. 2:2)

INTRODUCTION—With this les-  
son we begin a three-month study  
of the letters of the great Apostle,  
Paul. Someone has said that there  
is no doubt but that he is God's  
top man through all the ages. He  
has had more influence on the  
world for Christ than any other  
person in all history. He is the  
author of thirteen of the twenty-  
seven books of the New Testament.

Paul's writings are simple  
enough that the average individual  
can understand them, and they are  
profound enough that the most  
learned scholar can appreciate  
them. No matter what one's abil-  
ity may be, he is drawn closer to  
the heart of God by studying Paul's  
epistles.

The early church at Corinth was  
trying to witness for Christ in the  
midst of terrible evil and corrup-  
tion. Paul's letters to them were  
to encourage and instruct them in  
their work.

I THE CHURCH AT CORINTH  
(V. 1-3)

Notice that the Apostle calls the  
members of the Corinthian church  
"saints." The meaning of this  
word is, "those who are separated  
from the world," or, "set apart."  
Every true Christian is a saint.  
Please note that I have said every  
"true" Christian.

The church of today has lost  
much of its spiritual power, be-  
cause too many people who are  
not saints have been admitted to  
membership. Every local church  
has on its roll members who are  
not "born again" Christians. These  
are not saints. They are bound  
for eternal hell just the same as  
the hardest sinner who is not a  
church member.

Please note that what Paul writes  
is for, "all that in every place call  
upon the name of Jesus Christ our  
Lord." This means you and me!  
II THE SPIRIT IN THE CHURCH  
(V. 10-15)

In verse 10 we see that God in-  
tended that this church at Corinth  
be "perfectly joined together." However,  
it seems that divisions  
had entered into the congregation.

**Rudement Social Brethren**

never cause contentions. Every  
pastor and all his people must pray  
together, and work together, if  
God's will is to be accomplished.  
Let us all pray daily that God will  
make us usable in his kingdom's  
work.

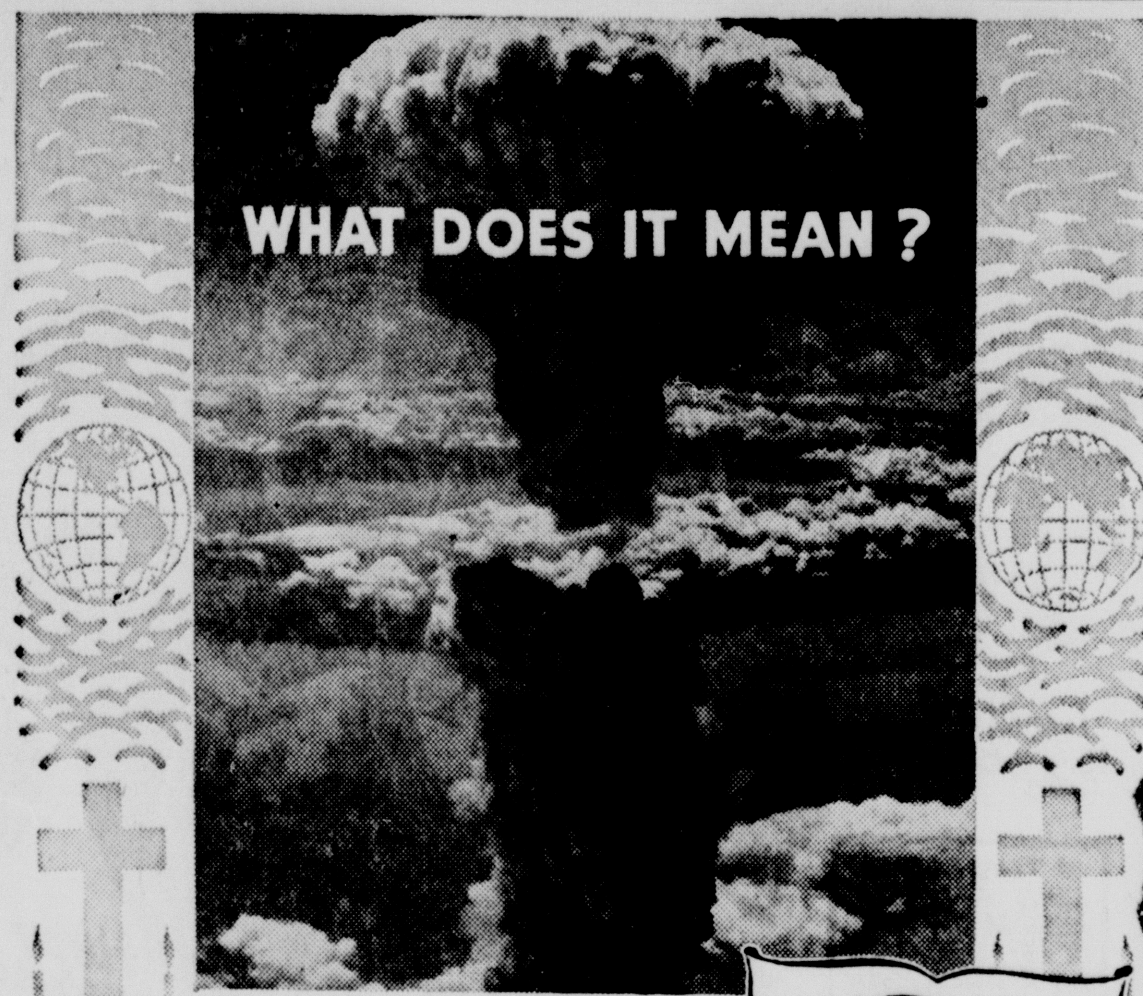

Some of the folks were saying:  
"I am of Paul." Some were say-  
ing, "I am of Apollos." Others  
were saying that they were of Ce-  
phas," while still others said, "I  
am of Christ."

This is not at all uncommon.  
If you have been in church very  
long, you know that there are some  
people who have become attracted  
to one particular preacher. It  
makes no difference how many  
pastors might follow this one man,  
these individuals still cling to their  
favorite pastor. They compare all  
pastors with him.

III THE CHURCH'S MESSAGE  
(V. 21-25)

The message of the church should  
always be "Christ crucified" for  
the atonement of lost man's sin.  
As we read here: "It is God's good  
pleasure through the foolishness of  
preaching to save them that be-  
lieve." Please note that this scrip-  
ture does not say, "through foolish  
preaching." There is much  
foolish preaching which does not  
touch man's salvation. This kind  
of preaching is not the message of  
the true church.

Here is what it means: Does it  
not seem rather foolish that a per-  
son can hear a spirit-filled sermon  
from a warm-hearted preacher of  
the gospel, and as a result, be saved  
for all eternity? Yet, that is  
God's plan! That is the primary  
reason for the establishment of  
churches. That is why God calls  
pastors, evangelists and mission-  
aries. He wants them to preach  
the true gospel so that those who  
hear might be saved.

## WHAT DOES IT MEAN?

Frightening, isn't it? You see a  
picture like this and suddenly you  
feel as if you are standing at the  
edge of a chasm in the dark. You  
are confronted with the threat of  
the unknown, and you don't like it.

Why, you wonder, does it have to  
be like this? Why can't men live  
together in peace?

We all need the courage to face  
the unknown future unafraid. We  
need to find and to develop love,  
understanding, and peace of mind.  
But to attain our goal, we need  
help. That help can be found in the  
Church, which gives us Faith.

On World Wide Communion  
Sunday—millions of men and  
women will unite in solemn ob-  
servance of one of Christianity's  
holy sacraments. There will be new  
faces at thousands of altars, men  
and women who have only recently  
begun to realize where man's Hope  
is to be found.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest fac-  
tor on earth for the building of  
character and good citizenship. It  
is a storehouse of spiritual values.  
Without a strong Church, neither  
democracy nor civilization can  
survive. There are four sound  
reasons why every person should  
attend services regularly and sup-  
port the Church. They are (1)  
For his own sake. (2) For his  
children's sake. (3) For the sake  
of his community and nation. (4)  
For the sake of the Church itself,  
which needs his moral and mat-  
terial support. Plan to go to  
church regularly and read your  
Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	26	26-31
Monday	Luke	22	14-27
Tuesday	John	17	15-23
Wednesday	1 Corinthians	11	17-22
Thursday	1 Corinthians	11	23-28
Friday	1 Corinthians	12	4-11
Saturday	1 Corinthians	12	12-27

## Carnival Spirit In Milwaukee for Third Series Tilt

MILWAUKEE (AP)—This is it... a World Series in Milwaukee... and even the worst New York Yankees might offer can't make it the saddest Saturday night in the lives of 700,000 people who've dreamed of this day for five frustrating years.

It is Bob Buhl (18-7) for the Braves and Bob Turley (13-6) for the Yankees and both managers Fred Haney and Casey Stengel are double-talking their lineups. It is "even-money" on the third game of this 1957 classic and 7-5 Yankees on the final outcome.

But, take the odds or leave 'em, the story is County Stadium, U.S.A. Here they've written baseball attendance history for five years and here they're writing more baseball history because these Braves, with their near-hysterical, frenetic fans, are the first National League western team to host a World Series since 1946.

Going Carnival Style

In a phrase, an American sports classic that has been dominated by sophisticated easterners for 10 years is going carnival style in 1957.

There will, of course, be 45,000 fans at County Stadium, just as there might be for any Thursday afternoon game of the regular season, and they'll be helping to make this one of the richest World Series of all time. Rich in money and rich in the great new spirit that is sparking baseball's westward ho movement to California.

The Yankees themselves have been caught up in this atmosphere, as much as they'd refuse to admit it. The fact is they're in strange territory, know it, and will settle to go back to Yankee Stadium with a 3-2 lead. All ideas of a quickie Series have been shunted aside.

The fourth and fifth games are scheduled for this baseball-mad city Sunday and Monday with the scene shifting back to Yankee Stadium on Wednesday and Thursday if the full seven games are required. All games are nationally televised.

### Two Fire-Ballers

In Buhl, Haney has named a rugged 180-pound native of Saginaw, Mich., who won 18 games and lost only seven for the National League champions. Basically a low fast-ball pitcher, Buhl has beaten the hard-hitting Brooklyn Dodgers 12 times in the last two years, and always has been more effective in his home park.

Turley, 27, is Stengel's "bomb-er," the hardest throwing pitcher in the Series and a quiet young businessman in the finest Yankee tradition. No less an authority than Boston Red Sox slugger Ted Williams calls him "just about the toughest autumn pitcher in baseball."

### Facts, Figures On World Series

MILWAUKEE (AP)—Facts and figures on the World Series:

Rivals—Milwaukee Braves (National League) vs. New York Yankees (American League).

Winner—First team to win four games.

Series standings—Tied at one victory each.

First game score—New York 3, Milwaukee 1. Second game score—Milwaukee 4, New York 2.

Remaining schedule—3rd, 4th and 5th games at County Stadium, Milwaukee, Sat., Sun., Mon.; 6th and 7th games (if necessary) at Yankee Stadium, New York, next Wed., Thurs.

Starting times—County Stadium games at 3 p. m. e. d. t., Yankee Stadium games at 1 p. m. e. d. t.

Television—Via NBC, Mel Allen and Al Helfer announcing.

Radio—Via NBC, Earl Gillespie and Bob Neal announcing.

Series favorite—Yankees—7-5.

3rd game favorite—Even money.

Third game pitchers—Yankees: Bob Turley (13-6); Braves: Bob Buhl (18-7).

BLAZING A SPARTAN TRAIL

## Eagles Score 66-0 Victory

### Slick-Running Fequay Again Scores Six TDs, as Eldorado Wins 4th in Row

Eldorado Eagles soared to new heights Friday night at Johnston City scoring an impressive 66-0 victory.

This kept Eldorado in the lists of the unbeaten and placed them firmly at the top of the Southern Illinois conference. The Eagles now have won four in a row, including two in the league.

The tight defensive, high-scoring Eldorado team now has counted a total of 214 points and allowed but 12 in four games.

Again it was the slick running of Lester Fequay, Eagle halfback, that caught the fancy of the fans as he raced for six touchdowns. He reeled off TD gallops of 74, 46, 78, 18 and 79 yards and caught a 17 yard pass from Justice.

Other Eldorado TDs came on a 25-yard run by Chuck McCallister, a -yard plunge and 18-yard run by Jack Fowler and a 55-yard dash by Leonard Willis. PATs were scored by McCallister (2), Fowler (2), Fequay and Baugher.

### Recover JC Fumbles

The Eldorado line, after a workman like, but spiritless first half, came roaring out at the start of the second half to play inspired ball. For the entire game Johnston City rolled up only 160 yards from scrimmage with a mere 54 coming in the final two quarters.

Jim Woods and Ronnie Rains recovered JC fumbles, Willis fell on a fumbled punt, Fred Pool intercepted a couple of passes and time-after-time the entire line crashed through to stop the opposing backs in their tracks.

Eldorado's total gain from scrimmage was a whopping 628 yards. The game got underway with Johnston City kicking off, Fequay carrying back to the 26. Then on the first play Eldorado's line came up with a quick opening, Fequay squeezed through and raced 74 yards for a TD. Fowler ran for the PAT.

Johnston City took the kickoff and staged a drive, picking up three first downs along the way, but a 15-yard penalty stalled the march. Eldorado's defense tightened and JC was forced to punt, a booming kick by Crawford just missing the coffin corner and rolling into the end zone.

### Fequay Breaks Loose

Starting from the 20, Jerry Rains and Fowler carried the ball to the

### Carrier Mills Defeats Equality In Cross Country

Carrier Mills won over Equality 22-33 in a dual cross country meet at Equality Thursday afternoon. This marked the second victory in the week for Carrier Mills over Equality, having scored a 24-31 decision Tuesday.

Tyrone Taborn of Carrier Mills finished first, covering the two-mile course in 10 minutes, and all of the first five finishers for Carrier Mills were under the 11 minute mark.

Finishing back of Taborn were Bernie Emery, Equality; Mickey Hill, Carrier Mills; Jimmy Hopson, Equality; Tom Fitts, Carrier Mills; James Kirby, Carrier Mills; Lewis Williams, Carrier Mills; Terry Glover, Equality; Gary Tite, Equality; Delbert Barnett, Equality.

### Adams Uses Everyone

JC was forced to punt early in the final frame, the ball going out-of-bounds on the 21. On the first play from scrimmage Fequay again broke into the open and with a host of friendly blockers raced

79 yards to the scoring zone. McCallister scored the PAT.

Ronnie Rains recovered a JC fumble at midfield and in four plays another TD was on the board. Big ground gainer was a 25-yard Justice to McCallister pass and Fowler scored on an 18-yard plunge. Justice passed to Baugher for the point.

Eldorado Coach Adams, who had been substituting freely, called out, "Has anyone not been in the game." A couple said they hadn't, and quickly had.

JC again was forced to punt, the ball rolling to the 29. Eldorado's reserve backfield failed to make a first-and-ten and Adams sent his first stringers in to punt. A roughing the - kicker penalty against JC gave Eldorado the ball on its 37.

The reserves rushed back in. Gary Bray, tuning up for the job of 1958 quarterback, passed 8 yards to Willis, then Bray did a fine job of hiding the ball, handed off to Willis who skirted his right end and went about 55 yards for a TD. That ended the point-making.

Starting lineups: Eldorado—Woods and Baugher ends, McMahon and R. Rains tackles, Holman and Laffoon guards, Pool center, Justice, Fequay, Fowler and J. Rains backs.

Johnston City—Schwamm and Mitchell ends, Imhoff and Bartley tackles, Crawford and Chamness guards, Good center, Good man, Engram, McNeil and McClintock backs.

Officials—Hensley of Cartersville, Inglehart of Wolf Lake and Monday of Benton.

Peoria Central and Peoria Spalding fought to a 0-0 tie and Bloomington and Bloomington Trinity deadlocked, 7-7.

Chillicothe won its fourth straight by a lopsided, 57-7, over Eureka. De Kalb also won its fourth in a row, 49-12 over Sterling.

In the Big Eight Conference, Aurora West beat Rockford West, 37-19, Rockford East won over Aurora East, 14-0, and Elgin topped Freeport, 38-6.

Moline and East Moline split in two games with foes from Iowa. Moline beat Washington of Cedar Rapids, Iowa, 20-13, while East Moline lost, 41-7, to Dubuque, Iowa.

Rock Island Alleman beat Rock Island, 7-0.

POUNDITOUT—Roy Hord leads Duke teammate, Capt. Hal McElhaney, in a dust-raising sprint. Hord, 221-pound left guard, is the Blue Devils' big man at pulling out.

ceptions and carried the ball to the JC 17. On the first play Justice passed to Fequay in the end zone for a TD and Fowler ran for the extra point.

JC failed to gain on three plays and gambled on a fourth down run, but didn't get the required yardage, Eldorado taking the ball near midfield. Five plays later Fowler barreled over from four yards out and Fequay ran for the PAT. The third Eagles TD of the third quarter came after Willis recovered a JC fumble of a punt on the 18 yard line. On the first play Fequay scored.

### Street Named Physical Director Of Memphis YMCA

Howard Street, formerly of Carrier Mills, has been named physical director of the Leslie M. Stratton YMCA, located at 245 Madison street, Memphis, Tenn. The appointment was announced by Nat Hughes, personnel chairman of the YMCA.

A news story in a recent edition of the Memphis Commercial Appeal states Mr. Street will be in charge of the Health Club, adult and youth physical education programs, swimming and industrial league basketball.

The Street family resided in Carrier Mills four years where he taught industrial education in the high school two years and later taught in the grade school and was athletic director. While in Carrier Mills they were active in the work of the First Christian church of Harrisburg.

Mrs. Street is employed as commercial teller at the Normal-Buntyn Branch of the Union-Planters Bank in Memphis.

They have two children, Zack, 9, and Mindy, 5.

### VFW vs. Pittsburg Nine Here Sunday

The Harrisburg VFW baseball team will play Pittsburg on VFW field Sunday at 2 p. m.

Don Stout will start on the mound for VFW and Dick Romonosky will catch. Bob Dallas, Ron Ziegler, Dick Odle and Bill McNew will form the Harrisburg infield and the outfield will be picked from Ray Sisky, Don Wallace, Bob Clark, John Mills, Willis, Hay and Dailey. King will be held in reserve for pitching duty.

Dale Mandrell or Jim Fowler will pitch for Pittsburg with Meracle catching. In its last outing the Pittsburg club defeated Thompsonville.

## Rams Score Two TDs in First Half; Fine Play by Locals in Final Periods

The Harrisburg Bull Dogs last night bowed to the Mt. Vernon Rams, 13 to 6, at Taylor Field in a South Seven conference football contest, the Bull Dogs coming out of their first half lethargy to play fine ball the final two periods.

On the first play of the second quarter Mt. Vernon had done all its scoring. Harrisburg started its good play early in the second period to score the first time the Bull Dogs got possession of the ball as they ran up four consecutive first downs and Eddie Price went over for the tally.

Mt. Vernon scored early, Jim Eidson going over on a 26-yard pass from Pete Bouxein early in the first quarter. Harrisburg came back on the next kickoff to advance from the H-32 to the M-36, with a 16-yard run by Mickey Stone the long run, but a fumble put the locals out of contention.

### Biggs Recovers Fumble

Then on the first play of the second quarter Glenn Fleming, Ram speedster, raced 47 yards to score and a pass, Eidson to end Larry Stewart, was good for the extra point.

There were no scoring threats the remainder of the half.

Darrell Biggs recovered a fumble for Harrisburg on the M-42 on the fourth play of the third quarter and the Bull Dogs started the touchdown march as Eddie Price did nice work at fullback cracking down the middle. During the drive Yates on a reverse went 16 yards to take the ball to the 20. Then Price hit for five and Stone for seven and the locals had first down on the seven. Price cracked down to the one, then went over on the next play. A plunge by Price for extra point was short.

Midway in the fourth period Harrisburg started from its own 48 and went to the M-23 as Yates, Price and Stone knocked off some nice gains, but the attempt for a second touchdown bogged there.

11 First Downs for Locals

In the closing minute Mt. Vernon, on a couple of nice runs, was knocking at the touchdown door when time ran out and the Rams were on the H-8.

The statistics: First downs,

"The Incredible Shrinking Man"

Harrisburg 11, Mt. Vernon 9; yards gained rushing, Harrisburg 158, Mt. Vernon 178; yards gained passing, Harrisburg minus five, Mt. Vernon 48. Total from scrimmage Harrisburg 153, Mt. Vernon 226. Passing, Harrisburg one for a loss of five yards out of seven thrown with one intercepted; Mt. Vernon two out of six for 48 yards. Penalties, Harrisburg penalized 45 yards, Mt. Vernon 10.

Coach Lawrence Caluffetti started Ira Logan and Don Pickford at ends, Jack Simpson and Ron Maynard at tackles, Gary Aldridge and Darrell Biggs at guards, Allen Buchanan at center, Ray Hassett at quarterback, Mickey Stone and Bill Yates at halfbacks and Eddie Price at fullback. Part of the time Aldridge played at quarterback and Bill Endsley alternated at guard on offense with Biggs. Others used were David Dalton and Darrell Duke at halfbacks, Harold Beal at tackle, and Wendell Fisher at fullback.

The Mt. Vernon high school band accompanied the team to Harrisburg and staged an excellent halftime show.

Next week Harrisburg travels to Centralia for another South Seven game. Right now Harrisburg is 1-1 in the loop.
